Workshop «Advanced procedures for the integrity assessment of RPVs subjected to PTS loading»

Friday 12 May 2023

Advanced PTS analysis procedures III: Advanced PTS analysis procedures III (10:45 - 12:15)

-Conveners: Peter Dillström

time	[id] title	presenter
10:45	[13] From DEFI PROSAFE to APAL benchmark	BLASSET, sebastien
11:30	[14] Fracture mechanical assessment of thermal-hydraulic uncertainties	HECKMANN, Klaus

Advanced PTS analysis procedures III: Advanced PTS analysis procedures III (13:15 - 14:45)

-Conveners: Peter Dillström

time	[id] title	presenter
13:15	[15] Fracture properties – Brittle and ductile material issues in the integrity assessment	HEIN, Hieronymus
14:00	[16] PFM analysis approaches	DILLSTRÖM, Peter

Advanced PTS analysis procedures III: Advanced PTS analysis procedures III (15:00 - 16:30)

-Conveners: Peter Dillström

time	[id] title	presenter
15:00	[17] WPS consideration in PTS analysis	ZARAZOVSKII, Maksym
15:45	[18] Advanced considerations in PTS analysis	WILLIAMS, Paul
