μSR study of parimagnetism in HoCo_2 under hydrostatic pressure

Thursday 5 June 2014 14:00 (2 hours)

Primary authors: Mr VALENTA, Jaroslav (Faculty of Mathematics and Physics, Charles University in Prague, Department of Condensed Matter Physics); Dr PRCHAL, Jiří (Faculty of Mathematics and Physics, Charles University in Prague, Department of Condensed Matter Physics)

Co-authors: Ms KRATOCHVÍLOVÁ, Marie (Faculty of Mathematics and Physics, Charles University in Prague, Department of Condensed Matter Physics); Mr VALIŠKA, Michal (Faculty of Mathematics and Physics, Charles University in Prague, Department of Condensed Matter Physics); Dr KHASANOV, Rustem (Laboratory for muon Spin Spectroscopy, Paul Scherrer Institute); Prof. SECHOVSKÝ, Vladimír (Faculty of Mathematics and Physics, Charles University in Prague, Department of Condensed Matter Physics)

Presenter: Mr VALENTA, Jaroslav (Faculty of Mathematics and Physics, Charles University in Prague, Department of Condensed Matter Physics)

Session Classification: Poster III

Track Classification: Magnetism
