International Workshop on Fixed Field alternating gradient Accelerators (FFA’19)

Thursday, 21 November 2019

Beam Dynamics - WBGB/019 (14:00 - 15:30)

time	[id] title	presenter
14:00	[29] Precise Modelling and Large Scale Multiobjective Optimisation of Cyclotrons	SNUVERINK, Jochem
14:45	[4] Muon Accumulator Optics for a Muon Beam produced from positron-electron annihilation	BLANCO-GARCIA, Oscar Roberto

Beam Dynamics - WBGB/019 (16:00 - 17:30)

time	[id] title	presenter
16:00	[27] Longitudinal tomography in a scaling FFA	KELLIHER, David
16:45	[21] The Vortex Effect in High-Intensity Cyclotrons and Isochronous FFA's	BAUMGARTEN, Christian
