

# Workshop on Ultrafast Dynamics in Strongly Correlated Systems

## Tuesday, 5 April 2011

### Mott-Hubbard systems (10:30 - 12:10)

time	[id] title	presenter
10:30	[18] Nonequilibrium quantum dynamics of a charge carrier doped into Mott insulator	VIDMAR, Lev
10:50	[46] Non-equilibrium Mott-Hubbard Systems in Strong External Laser Fields	KROHA, Johann
11:30	[38] A DMFT investigation of relaxation phenomena in Mott-insulating states	ECKSTEIN, Martin
