

# ESS Science Symposium - Neutrons for Future Energy Strategies

## Monday, 27 May 2013

### Session III - OSGA / E06 (14:30 - 17:00)

time	[id] title	presenter
14:30	[59] THE CATALYTIC CARBON DIOXIDE – FORMIC ACID CYCLE FOR HYDROGEN STORAGE AND DELIVERY	Prof. LAURENCZY, Gabor
15:10	[74] Watching the formation of metal hydrides in situ	Prof. KOHLMANN, Holger
15:50	[69] Phases of electrolytes controlled the degradation behavior in electrolyte-supported solid oxide fuel cell	Dr HUANG, Tzu-Wen Huang
16:20	[72] Dedicated Sample Environment for Energy Research	Dr WALLACHER, Dirk
