

X-ray and Neutron Phase Imaging with Gratings 2017

Wednesday, 13 September 2017

Signal Retrieval - HG E3 (11:00 - 12:30)

time	[id] title	presenter
11:00	[35] Advanced X-ray imaging and metrology with speckle based technique	Dr WANG, Hongchang
11:30	[81] Is a High Sensitivity Interferometer Always Good for a Grating-based Differential Phase Contrast Imaging System?	Mr JI, Xu
11:50	[74] Quantitative sub-pixel imaging with small angle x-ray scattering	Dr MODREGGER, Peter
12:10	[65] Grating Position Estimation for Grating-based Computed Tomography	Mr VON TEUFFENBACH, Maximilian
