

Photon Tools for Physical Chemistry 2019

Friday, 11 January 2019

Reaction kinetics and mechanisms I (13:45 - 15:00)

-Conveners: Andras Bodi

time	[id] title	presenter
13:45	[54] Introduction	BODI, Andras
13:55	[22] Reaction product determination using photoionization/mass spectrometry techniques down to very low temperatures: applications to combustion and molecular astrophysics	Prof. LE PICARD, Sébastien
14:20	[29] Automated exploration of reactive potential energy surfaces	Dr ZÁDOR, Judit
14:45	[44] Isomerisation studies in ion traps	Mr JUSKO, Pavol
