

“Celebrating Physics with a Good Excuse”

at Paul Scherrer Institute July 3-6, 2017

Symposium in Recognition of the 75th Birthday of Bert Halperin

The goal of this symposium is to discuss interesting concepts in condensed matter physics, field theory, and the physics of living matter, and to address important open problems in these fields. Experiments will also be discussed that shed light on these concepts.

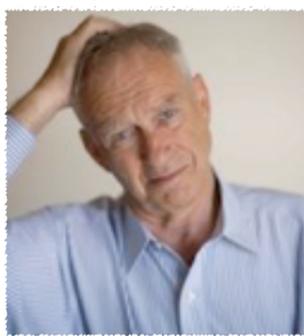

Invited Speakers:

Edouard Brézin
Piet Brouwer
John Chalker
Herb Fertig
Jürg Fröhlich
Thierry Giamarchi
Richard Hahnloser

Marcello Porta
Nicholas Read
Bernd Rosenow
Christian Rüegg
Ming Shi
Steve Simon
Ady Stern
Amir Yacoby

Moty Heiblum, Atac Imamoglu, Stanislas Leibler
Tom Lubensky, Markus Müller, David Nelson

Chairman: Chr. Mudry,
Secretary: Renate Bercher

Programme: R. Morf (Chair), J. Fröhlich, Chr. Mudry, N. d'Amrumenil, S. Simon
