

FELSI (FEL Simulations)

Short presentations keep us all updated on XFEL related simulation work. Much of the time should be reserved for technical discussions.

A mailing (felsi@lists.psi.ch) list can be used to discuss and/or distribute information. Infos also @ <http://amas.web.psi.ch/seminars/index.html>

Minutes: B. Oswald, Organization: A. Adelman

Cycles on Horizon

- 4Q 2007 XFEL uses ~ 20 % of PSI share

- Estimate for 2008 difficult
 - CSR
 - S2E injector
 - S2E full machine

2008 XFEL ~ 40 % of PSI share

- Cycles must be budget item
- Large user account at CSCS
