

## SLS 2.0 Industry Webinar

Contribution ID: 71

Type: **not specified**

## Welcome and moderation

*Tuesday, February 9, 2021 10:00 AM (10 minutes)*

We are pleased to welcome you to the Industry Information Webinar for the SLS 2.0 (Swiss Light Source) upgrade program of PSI in Villigen –Switzerland.

This webinar will be broadcasted on 9th February 2021 from 10:00 to 12:00 CET.

The event is jointly set up by PSI (Paul Scherrer Institute) and the Swiss ILO (Industry Liaison Office for Research facilities).

At the webinar, representatives of interested Swiss and international companies will be offered information about the PSI procurement rules, given an introduction to the SLS 2.0 project and receive an overview of the coming SLS 2.0 commercial tenders.

The procurements arising from this program concerns mostly the replacement of:

- Bending magnets of the accelerator ring
- Undulator magnets
- Vacuum chambers
- Power supplies
- Synchrotron radiation beamline components
- RF cavities and amplifiers
- Girders
- Beamline components
- Instrumentation
- IT Infrastructure for fast data handling

The SLS 2.0 machine upgrade construction program will run over the period 2021-2025 and comes with an extra-budget of about 100 MCHF from Swiss government, which will be complemented by substantial funding from PSI and other sources.
