

European Cyclotron Progress Meeting 2012

Friday, 11 May 2012

Technology - Auditorium (15:15 - 16:55)

-Conveners: Sytze Brandenburg

time	[id] title	presenter
15:15	[15] A target system for ion-beam activation of particulate nanomaterials	Dr BULGHERONI, Antonio
15:40	[43] Facts and figures on S2C2 ion source: experimental characterization and extrapolated results for application in PT	Mr HENROTIN, Sébastien
16:05	[28] New dual frequency RF system for Cyclone 30XP	Mr ABS, Michel
16:30	[39] Program to improve the JYFL ion beam transport efficiency for K130 cyclotron	Dr KOIVISTO, Hannu
