

# Workshop on Topology in Magnetic Materials

## Wednesday, November 23, 2022

### SESSION 4: Multi-k spin textures, merons, skyrmions... (2:00 PM - 5:45 PM)

time	[id] title	presenter
2:00 PM	[13] Beyond skyrmions: review & perspectives of alternative magnetic nano-objects	GÖBEL, Børge
2:45 PM	[14] Latest discoveries of new skyrmion materials	SEKI, Shinichiro
3:30 PM	Coffee break	
4:10 PM	[15] Skyrmion fluid and bimeron glass, competition with a chiral spin liquid	JAUBERT, Ludovic
4:55 PM	[34] $\mu$ SR studies of spin fluctuations and critical behavior in (Mn,Fe)Si & MnGe	UEMURA, Yasutomo
5:25 PM	[28] Zero-field magnetic hedgehogs in a triangular Kondo lattice CePtAl <sub>4</sub> Ge <sub>2</sub>	SHIN, Soohyeon
