

Low Level RF Workshop 2022

9-13 Oct 2022, Brugg-Windisch, Switzerland

Contribution ID: 98

Type: **Oral**

ESS LLRF status and activities

Thursday, October 13, 2022 8:50 AM (20 minutes)

The commissioning of the ESS linac is ongoing and the five first normal conductive (NC) cavities have recently been operated with beam. An overview of the LLRF systems in use, first commissioning results with initial beam, and experiences are presented. The initial Piezo compensation tests obtained at the Medium Beta cavity test stand is also presented.
