

Genomics and HPC: Use Cases and Challenges

Thursday, October 6, 2022 10:15 AM (30 minutes)

The talk will introduce the data analysis and data management needs at the core of the Health 2030 Genome Center and how we operate an internal HPC cluster and the custom software to address these needs.

Presenters: HUNGLER, Arnaud (Health 2030 Genome Center); KOLPAKOV, Ilya (Health 2030 Genome Center)
