

# Amyloid proteins meet physics: from X-rays and neutrons over electrons to magnetism

Contribution ID: 10

Type: **not specified**

## **X-ray absorption spectroscopy provides insight in the oxidation state and local structure of metal sites**

*Monday, September 5, 2022 1:30 PM (20 minutes)*

**Presenter:** NACHTEGAAL, Maarten (PSI, SuperXAS, X-ray spectroscopy)

**Session Classification:** Studying amyloid dynamics and metal ions by X-rays and magnetism
