

# Workshop «Advanced procedures for the integrity assessment of RPVs subjected to PTS loading»

## Friday, May 12, 2023

### Advanced PTS analysis procedures III: Advanced PTS analysis procedures III (10:45 AM - 12:15 PM)

-Conveners: Peter Dillström

time	[id] title	presenter
10:45 AM	[13] From DEFI PROSAFE to APAL benchmark	BLASSET, sebastien
11:30 AM	[14] Fracture mechanical assessment of thermal-hydraulic uncertainties	HECKMANN, Klaus

### Advanced PTS analysis procedures III: Advanced PTS analysis procedures III (1:15 PM - 2:45 PM)

-Conveners: Peter Dillström

time	[id] title	presenter
1:15 PM	[15] Fracture properties – Brittle and ductile material issues in the integrity assessment	HEIN, Hieronymus
2:00 PM	[16] PFM analysis approaches	DILLSTRÖM, Peter

### Advanced PTS analysis procedures III: Advanced PTS analysis procedures III (3:00 PM - 4:30 PM)

-Conveners: Peter Dillström

time	[id] title	presenter
3:00 PM	[17] WPS consideration in PTS analysis	ZARAZOVSKII, Maksym
3:45 PM	[18] Advanced considerations in PTS analysis	WILLIAMS, Paul
