

X-Ray Detectors for Synchrotron Applications SRI 2012 satellite workshop

Saturday, 7 July 2012

Indirect detection - F7 (09:00 - 09:50)

time	[id] title	presenter
09:00	[71] Detector requirements for synchrotron-based X-ray tomographic microscopy: A customized high-speed data interface for sub-second temporal resolution at TOMCAT	Dr MARONE, Federica
09:25	[51] State of the art X-ray imaging cameras	Dr MARTIN, Thierry
