

SWISS BATTERY DAYS 2023

Wednesday, 20 September 2023

Industry Day: Dr. Matthew Lacey, Senior Engineer, Scania, Sweden 'Heterogeneity in Lithium-ion Battery Degradation — an Industry Perspective' (09:05 - 09:45)

Industry Day: Dr. Sungbin Park, Director of Technology Strategy, LG Energy Solutions, Korea 'The Momentum of the Future: Lithium-based Next-Generation Batteries on LG Energy Solution' (09:45 - 10:15)

Industry Day: Dr. Ahmet Oguz Tezel, Director Materials & Electrochemistry, Freyr, Norway 'Commercializing Semi-Solid Battery Technology' (10:55 - 11:25)

Industry Day: Dr. Laurent Zinck, Chief Scientist, Innolith, Switzerland 'Lithium-ion Batteries Powered by Inorganic Electrolyte' (11:25 - 11:55)
