

SWISS BATTERY DAYS 2023

Monday 18 September 2023

Invited Talk: Prof. Dr. Wolfgang Zeier, University of Münster, Germany 'On Transport and Chemical Interface Limitations in Solid-State Batteries' (13:20 - 14:00)

Tuesday 19 September 2023

Invited Talk: Prof. Dr. Ingo Krossing, Freiburg University, Germany 'Fluorinated Anions: Use as Conducting Salts and Additives for Batteries' (09:10 - 09:50)

Invited Talk: Prof. Dr. Julia Maibach, Chalmers University, Sweden 'Advanced Photoelectron Spectroscopy on Battery Materials: Lessons Learnt on Silicon-Containing Electrodes' (11:00 - 11:40)

Invited Talk: Prof. Dr. Erik J. Berg, Uppsala University, Sweden 'Understanding Electrode/Electrolyte Interphases in Li-ion Batteries' (14:00 - 14:40)

Invited Talk: Prof. Dr. Alejandro Franko, University of Picardie Jules Verne, France 'ARTISTIC: An AI-based Digital Twin for Battery Manufacturing Optimization' (16:00 - 16:40)
