

# High Pressure Workshop

## Wednesday, 22 November 2023

### Morning Session: Invited talks - Auditorium (WHGA) (10:00 - 12:00)

time	[id] title	presenter
10:00	[3] Squeezing charge stripe order unidirectionally	CHANG, Johan
10:30	[4] Probing material properties with neutrons under pressure	FOGH, Ellen
11:00	[22] Revealing the KDP soft-mode coupling mechanism with infrared spectroscopy under pressure	AKRAP, Ana
11:30	[23] Tuning and understanding correlated quantum phases of layered materials	GUGUCHIA, Zurab
