

NIUS2012 - ESS Neutron Imaging User Symposium

Tuesday, 17 April 2012

Nuclear engineering - "Himmelrych" (16:00 - 17:30)

-Conveners: Winfried Kockelmann

time	[id] title	presenter
16:00	[86] Investigating the thermalhydraulics of nuclear fuel bundles and functional spacers using cold-neutron tomography at the ICON beamline	Dr ZBORAY, Robert
16:30	[96] What happens during nuclear accidents? – Contributions of neutron imaging to nuclear safety	Mr GROSSE, Mirco
17:00	[108] Recent developments at the CONRAD instrument at the Helmholtz Centre Berlin	Dr KARDJILOV, Nikolay
