Education

Broad course offerings from undergraduate to doctoral level in nine faculties.

- 40,000 undergraduate and postgraduate students \approx 20,000 full-time students
- 50 programmes for beginners and 45 master programmes
- 2,000 single-subject courses
- 4,000 undergraduate and postgraduate degrees every year
- 2,000 doctoral students
- Lifelong learning through continuing and mid-career education

Research in figures

- 4,000 teachers and researchers
- 500 professors – nearly 20% women
- 5,000 academic publications per year
- 3,000 international collaborative research agreements
- 2,000 doctoral students
- 400 doctorates every year
- 100 licentiate degrees every year
- 50% of research is funded by external sources

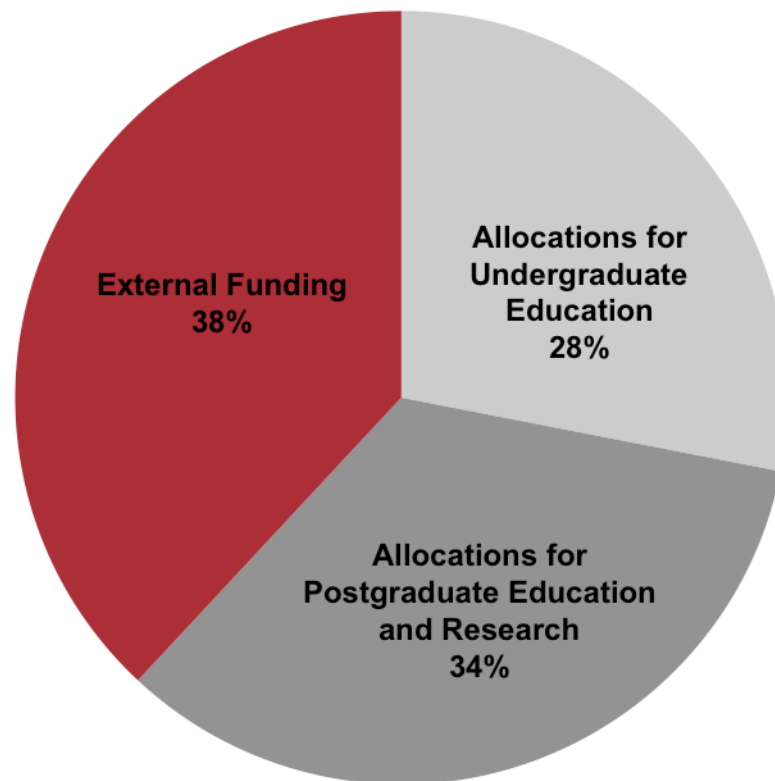

UPPSALA
UNIVERSITET

Financing

Income by source 2011. Total 5000 MSEK

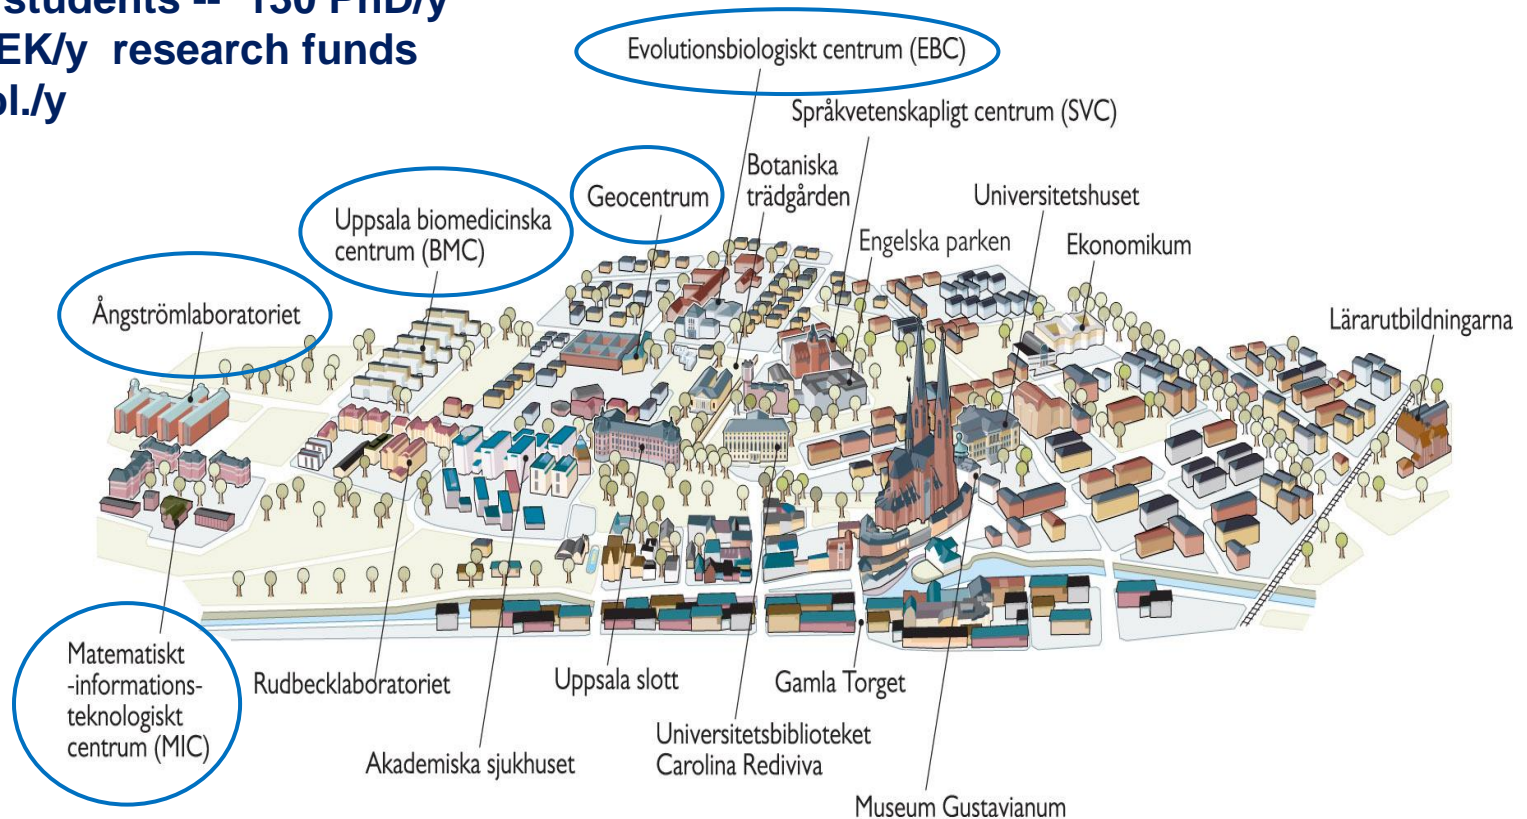

Science and technology faculty

UPPSALA
UNIVERSITET

1060 employees
220 professors
10000 students -- 27 study programs
580 PhD students -- 130 PhD/y
1200 MSEK/y research funds
1800 publ./y

UPPSALA
UNIVERSITET

Science and Technology Research Areas

- Energy
- Materials science
- Spectroscopy
- Universe and matter
- Mathematics
- Computer science

Ångström Lab

Biochemistry

Structure biology

RNA-biology

Biotechnology and bioinformatics

Biomedical Centre

Geoscience Centre

- Air & water
- Building
- Geophysics
- Paleobiology
- Solid earth

Evolution Bio Centre

- Genomik och funktionsgenomik
- Biodiversitet och evolutionsbiologi
