# OBBA updates

credits: Sven

# OBBA updates

# OBBA/Multifunctional room

# OBBA / Shared desks

# OBBA/Shared desks

# OBBA/Standup area

# OBBA/Communal area

# OBBA/Throne and meeting room

# OBBA / Summary

Move  
to OBBA?

But:

# Confluence

- Alun and Leo had a meeting with Valiantys (Atlassian reseller) about setup for 50-100 people
- Valiantys will come back with a proposal and a price tag
- We hope to have this up and running asap
- We should be able to access it using our PSI accounts

# New access rules to SLS during DT

- During dark time whole SLS building special regulation (Exception Passerelle and offices/floor at offices)
  - Extra “Sicherheitsbelehrung” to be signed
    - Some details need to be refined
  - Extra “Helmpflicht” below crane
  - Extra “aktiven medizinischen Implantaten“ gesperrt. Permanent magnets
- New controlled zones on the floor for equipment from the tunnel
- During commission (starting End Dec 2024) whole SLS building controlled zone
  - Meeting rooms not PSI wide bookable (to be done)
  - Also offices need dosimeter
- Installation work of heavy equipment (all tunnel work, larger installation at beamlines, not referring to use of equipment at the beamlines)
  - Not alone
  - During regular working hours (7:00 – 17:00), or info via DAM Meeting
