

# 23rd International Magnet Measurement Workshop: IMMW #23

## Tuesday 8 October 2024

### Session 4: Measurement Reports (14:00 - 17:00)

time	[id] title	presenter
14:00	[62] Measurement and simulation of demagnetization in a prototype Halbach array quadrupole	BAINBRIDGE, Alex
14:30	[63] Measurement of Electromagnets and Tuning of Permanent Magnets based on Rotating Coils for the Upgrade of the Swiss Light Source (SLS2)	Dr ZOLLER, Carolin
15:00	Coffee break	
15:30	[64] Challenges and Results from the series Measurements of the SLS2.0 Longitudinal Gradient Bends magnets	Dr MONTENERO, Giuseppe
16:00	[65] Crosstalk effects measurement on permanent magnets with hall probe mapping for the Upgrade of the Swiss Light Source (SLS2)	Dr RICCIOLI, Rebecca
16:30	[66] Overview of the ITER magnetics diagnostic	GOLLUCCIO, Giancarlo
