

**Porthos Workshop: Science opportunities at a fully coherent,
femtosecond-synchronized, variable polarization, tender to hard x-ray XFEL**

Contribution ID: 33

Type: **not specified**

Electron wave packet interferometry at FLASH

Thursday, 30 November 2023 09:40 (35 minutes)

Presenter: LAARMANN, Tim (Deutsches Elektronen-Synchrotron DESY)

Session Classification: New Concepts (Experiments)
