

Porthos Workshop: Science opportunities at a fully coherent, femtosecond-synchronized, variable polarization, tender to hard x-ray XFEL

Wednesday 29 November 2023

Condensed Matter Physics: Condensed Matter Physics (08:00 - 10:30)

-Conveners: Simon Gerber; Roman Mankowsky

time	[id] title	presenter
08:35	[14] Attosecond physics in materials sciences	GALLMANN, Lukas
09:10	[15] Non-equilibrium control of electronic and magnetic order in complex materials	FÖRST, Michael
09:45	[17] Dynamics of quantum materials	WALL, Simon
10:20	[18] QA
