

PSI Center for Scientific Computing,
Theory and Data

SciCatCON24

Carlo Minotti
PSI, 2-4/7/24

Welcome to PSI!

3rd in-person SciCatCON

1st SciCatCON@DESI

2022

Service information

- Please collect your badge if not yet at the EAST reception
- You will need the badge to enter the guesthouse and join the tour on the 4th
- We are at PSI EAST, OHSa building, room E13
- [PSI buildings map](#)
- Coffees and lunches will be served in this room
- We will provide lunch on the 2nd and the 3rd. The 4th, since we might need to rush for the tour, we don't have any lunch organised. We can head together to the cafeteria or canteen after the meeting
- The social dinner will be on the 3rd at PSI. A BBQ will take place in the canteen (walking distance from here)
- The dissemination session on the 4th will be recorded
- For directions to PSI, buying train tickets and checking schedules, we suggest the SBB [app](#) or website
- PSI address: PSI CH, PSI, Forschungsstrasse 111, 5232 Villigen

High-level agenda

The idea of these 3 days is to analyse the progresses of last year and define a high-level roadmap for the next year.

Day 1:

- Releases from the previous year, with discussion
- Facilities update, with discussion and future plans, use cases

Day 2 (morning, early afternoon):

- Lessons learned from last year's releases
- Users' feedback
- ICAT keynote
- Grants overview

We should now have collected **enough information** to start **drafting** the next year's **roadmap**

Day 2 (afternoon)

- Releases definition
- Releases planning

Day 3 (morning)

- More release planning
- Dissemination and commitment
