European Spallation Source, DMSC
Copenhagen, Denmark

SciCatCon 2024, PSI, Switzerland, 2024/07/02

Where we have come so far...

Elastic Search Integration

Integration test pipeline

From data source to data reduction

Data Ingestor

New version: design and refactoring

Scitacean

Maintenance and new features

Notebook Generator

Micro service

Release Cycle

Schedule and naming

Where we would like to go soon-ish...

SDK autogeneration

Python, javascript and typescript

UI/UX Review

Methodologically sound

Data Ingestor

Per instrument configuration

Scitacean

Add search functionalities

Dataset model unification

One dataset model for every type

Dataset and Cart Actions

Configurable buttons

Thank you

Thank you
