Session Program

Sep 17 – 18, 2024

APAL Final seminar: Advanced deterministic and probabilistic integrity analyses of RPVs subjected to PTS Loading - Lessons learned from APAL

Advaced probabilistic PTS analysis procedures II

IRSN: Institute for Radiation Protection and Nuclear Safety
31, avenue de la Division Leclerc 92260 Fontenay-aux-Roses, France

Tue, September 17

3:55 PM

Advaced probabilistic PTS analysis procedures II

Session |
Location: IRSN: Institute for Radiation Protection and Nuclear Safety, 31, avenue de la Division Leclerc 92260 Fontenay-aux-Roses, France

3:55 – 4:20 PM

Probabilistic fracture mechanics benchmark related to LTO improvements

Speaker
Katharina Angermeier

4:20 – 4:45 PM

Probabilistic fracture mechanics benchmark related to TH uncertainties

Speaker
Katharina Angermeier

4:45 – 5:30 PM

Probabilistic margin assessment

Speaker
Klaus Heckmann

5:40 PM
