

**CuFe₂O₄/ reduced graphene oxide nanocomposites:
effect of synthesis conditions on structure,
morphology, magnetic, electrical and
electrochemical properties**

Tuesday, November 5, 2024 1:40 PM (20 minutes)

Type of presence

Presenter: Prof. KOTSIUBYNSKYI, Volodymyr (Vasyl Stefanyk Precarpathian National University, Ivano-Frankivsk)

Session Classification: Workshop on Sustainable Materials and Technologies

Track Classification: Workshop on Sustainable Materials and Technologies
