

**CuFe<sub>2</sub>O<sub>4</sub>/ reduced graphene oxide nanocomposites:  
effect of synthesis conditions on structure,  
morphology, magnetic, electrical and  
electrochemical properties**

*Tuesday, November 5, 2024 1:40 PM (20 minutes)*

**Type of presence**

**Presenter:** Prof. KOTSIUBYNSKYI, Volodymyr (Vasyl Stefanyk Precarpathian National University, Ivano-Frankivsk)

**Session Classification:** Workshop on Sustainable Materials and Technologies

**Track Classification:** Workshop on Sustainable Materials and Technologies
