

Session Program

13 September 2025

Neutron Lifetime Puzzle

Future Measurements and Experimental Strategies II

PSI, WHGA/001 - Auditorium

Saturday 13 September

15:30

Future Measurements and Experimental Strategies II

Session | **Location:** PSI, WHGA/001 - Auditorium | **Convener:** Russell Mammei

15:30–15:50

UCNProBe a beam-type experiment using ultracold neutrons

Speaker

Martin Krivos

15:50–16:10

The path to first measurements with the superconducting magnetic storage "PENELOPE"

Speaker

Moritz Gundel

16:10
