

# PDS - V 2012: POWDER DIFFRACTION SCHOOL VILLIGEN

## Structure and Microstructure

### Tuesday, 27 November 2012

**Session II / Microstructure and related problematics: Bragg and Total Scattering methods - WBGB/019 (14:30 - 18:30)**

time	[id] title	presenter
14:30	[7] Small-Angle X-ray scattering as a complementary tool to XRPD for microstructure analysis	Dr MENZEL, Andreas
15:20	[8] Total Scattering principles and methods	Dr CERVELLINO, Antonio
16:10	Coffee break	
16:50	[9] Total Scattering for biomedical and technological applications	Dr GUAGLIARDI, Antonella
17:40	[10] Order and microstructure of metal-organic coordination polymers	Prof. MASCIOCCHI, Norberto
