

PDS - V 2012: POWDER DIFFRACTION SCHOOL VILLIGEN

Structure and Microstructure

Wednesday, 28 November 2012

Session III / Special and advanced topics: Neutron powder diffraction, time-resolved, extreme conditions, combined methods, FEL - WBGB/019 (09:00 - 12:30)

time	[id] title	presenter
09:00	[11] Neutron powder diffraction for structure studies	Dr SHEPTYAKOV, Denis
09:40	[15] Extreme conditions studies	Dr CASATI, Nicola
10:10	[13] Time-resolved powder diffraction studies	Dr VAUCHER, Sebastian
10:50	Coffee break	
11:20	[12] Combined spectroscopy and powder diffraction	Dr PATTISON, Philip
12:00	[14] Diffraction at the SwissFEL	Prof. PATTERSON, Bruce
