

SDSC Workshop: Enhancing the capabilities of Large Scale Infrastructures with data science.

Wednesday, 8 July 2026 - Wednesday, 8 July 2026

OHSA/E13

Agenda

(Tentative)

Arrival, welcome, and introduction

10:30 – 11:00 — Welcome coffee

11:00 – 11:15 — Introduction of the SDSC

Mission, verticalization, services

BLOCK 1 — What SDSC can offer and community needs

Research, Engineering, Software Infrastructure, Innovation

11:15 – 11:45 — Expertise at the SDSC

Data Management / Software Infrastructure

Engineering / Renku

Research (ML/AI/Statistical data science)

11:45 – 12:30 — Operations and Research at LSI (*LSI community*)

Input from the community to highlight current bottlenecks, pain points, use cases, vision in moving forward, etc.

12:30 – 13:30 — LUNCH BREAK

BLOCK 2 — Discussion with the community

13:30 – 14:30 — Working groups

14:30 – 15:45 — Brainstorming session

Elaboration of project ideas

15:45 – 16:00 — Closing
