

# Physics of fundamental Symmetries and Interactions - PSI2013

## Wednesday, 11 September 2013

### We - 2 (11:00 - 13:00)

-Conveners: Session Chair: Brad Filippone

time	[id] title	presenter
11:00	[98] Search for a permanent EDM with radioactive atoms	Prof. SAKEMI, Yasuhiro
11:25	[6] Octupole enhanced EDMs: Recent progress on the Radon-EDM program	Prof. CHUPP, Tim
11:45	[11] The electron EDM from polar molecules	Dr SAUER, Ben
12:10	[55] The Electron and Its Dipole Moments: Most Stringent Tests of the Standard Model	Prof. GABRIELSE, Gerald
12:35	[19] Experimental search for atomic EDM in $^{129}\text{Xe}$ using active nuclear spin maser	Prof. ICHIKAWA, Yuichi
