

ESS Science Symposium - Neutrons for Future Energy Strategies

Monday, 27 May 2013

Session II - OSGA / E06 (11:00 - 12:50)

time	[id] title	presenter
11:00	[65] Protein dynamics tunes energy levels for efficient light harvesting in photosynthesis	Prof. PIEPER, Jörg
11:40	[55] The investigation of materials related to nuclear technologies by means of neutron imaging methods	Dr VALANCE, Stephane
12:20	[76] Neutron diffraction supporting mechanical metallurgy	Dr VAN PETEGEM, Steven
