

The CLARIN SPF and its future expansion

Thursday 21 March 2013 09:25 (25 minutes)

This is a report on the status and planned further development of the CLARIN Service Provider Federation (SPF) and its possible expansion with other research infrastructures (RIs), especially the other Humanities RIs via the DASISH ESFRI cluster project. Special attention will be given to attempts in the Netherlands and Germany to convince home organisations to link-up with the CLARIN SPF.

Presenter: BROEDER, Daan

Session Classification: Pilots & Projects III
