

# Challenges of the world-wide experimental search for the electric dipole moment of the neutron

Contribution ID: 70

Type: Oral

## The present status of nEDM at KEK-RCNP-Osaka

*Monday, 3 November 2014 16:00 (40 minutes)*

We have constructed a new He-II UCN source. The performance of this new UCN source will be discussed. We will also discuss technical developments for nEDM. Preparations of magnetic field and a magnetometer will be discussed.
