

21st International Conference on Cyclotrons and their applications

Wednesday, 14 September 2016

WEB: RF and Magnet Design - Audimax (HG F30) (10:30 - 12:00)

-Conveners: Yves Jongen

| time | [id] title | presenter |
|-------|--|------------------------------|
| 10:30 | [49] A New Digital Low-level RF Control System for Cyclotrons | Mr DUCKITT, William David |
| 11:00 | [50] Hybrid Configuration, Solid State Tube, Revamps an Obsolete Tube Amplifier for the INFB K-800 Superconducting Cyclotron | Mr CARUSO, Antonio |
| 11:20 | [51] Design and Simulation of Cavity for 18 MeV Cyclotron | Mr MOUSAVINIA, Seyyed Mohsen |
| 11:40 | [18] A Coupled Cyclotron Solution for Carbon Ions Acceleration | Dr SMIRNOV, Victor |
