

# Electrochemical Energy Storage: A Key for Future Energy Systems

Heat & Electricity Storage

2<sup>nd</sup> Symposium

May 5, 2015  
Paul Scherrer Institut

Electrochemical Energy Storage:

A Key for Future Energy Systems

May 6, 2015  
Paul Scherrer Institut

31<sup>st</sup> PSI Electrochemistry Symposium

Contribution ID: 10

Type: **not specified**

## Catalysts for Water Splitting using Renewable Energy

*Tuesday, 5 May 2015 14:15 (30 minutes)*

**Presenter:** Prof. SIVULA, Kevin (EPFL)

**Session Classification:** Chemical Energy Storage
