

# PhD Seminar 2015

## Wednesday, 26 August 2015

### Session 3 - WHGA/001 (13:45 - 15:15)

| time  | [id] title                                                              | presenter            |
|-------|-------------------------------------------------------------------------|----------------------|
| 13:45 | [11] A High Intensity Muon Beamline Study at the Paul Scherrer Institut | HODGE, Zachary       |
| 14:00 | [13] Development of a high-brightness low-energy muon beamline          | BELOSEVIC, Ivana     |
| 14:15 | [12] Towards a novel high-brightness muon beamline                      | EGGENBERGER, Andreas |
| 14:30 | [14] A Study of the XENON100 Electromagnetic Background                 | MAYANI, Daniel       |
| 14:45 | [15] The XENON1T light calibration system                               | PAKARHA, Payam       |
