

PhD Seminar 2015

Thursday, 27 August 2015

Session 5 - WHGA/001 (09:00 - 10:45)

time	[id] title	presenter
09:00	[21] NNLO corrections to jet production in deep inelastic scattering	NIEHUES, Jan
09:15	[22] Fully differential real-virtual corrections for diboson production at NNLO	LIONETTI, Simone
09:30	[23] Measurement of the Differential WW cross-section at 8 TeV with the CMS experiment	MEISTER, Daniel
09:45	[24] Search for heavy resonances in the W/Z-tagged dijet mass spectrum at CMS	AARRESTAD, Thea
10:00	[25] Search for massive resonances decaying into boson pairs in the tautau qq final state at CMS	GALLONI, Camilla
10:15	[26] Search for extra dimensions in the high mass diphoton spectrum at 13 TeV	QUITTNAT, Milena
