

JUM@P '11: Joint Users' Meeting at PSI 2011

Friday, 16 September 2011

Soft Condensed Matter - WSLA/108 (09:30 - 12:15)

time	[id] title	presenter
09:30	[184] Structural and Viscoelastic Properties of Semifluorinated Alkane Monolayers at the Air/Water Interface	Dr JONAS, Ulrich
09:55	[57] Structural changes and phase behavior of densely packed microgel particles	Dr GASSER, Urs
10:20	[185] Formation of multistranded β -lactoglobulin amyloid fibrils and their stimuli responsive magnetic behaviour in the lyotropic liquid crystals	Dr BOLISETTY, Sreenat
10:45	[59] Structural changes of proteins revealed by time-resolved SAXS	Mr PETRI, Marcel
