

Visual analysis of dynamic processes

Tuesday, 10 January 2017

Contributed talks Tuesday I: Neutron imaging (11:30 - 12:30)

-Conveners: Rajmund Mokso

time	[id] title	presenter
11:30	[26] Multi-Dimensional Data Challenges in Neutron Imaging	Prof. STROBL, Markus
11:50	[24] Neutron imaging – an ideal tool for the observation of processes involving low density elements	Dr KAESTNER, Anders
12:10	[29] Visualisation of mobile magnetic domain walls with neutron grating interferometry	HARTI, Ralph Patrick
