Directional X-ray dark-field imaging using a grating-based Talbot-Lau phase-contrast set-up

Wednesday 13 September 2017 12:30 (2 hours)

Author: Ms LUDWIG, Veronika (Erlangen Centre for Astroparticle Physics)

Co-authors: Ms FRIEDRICH, Elisabeth (University Erlangen); Mr HORN, Florian (University Erlangen); Dr PELZER, Georg (Erlangen Centre for Astroparticle Physics); Prof. ANTON, Gisela (Erlangen Centre for Astroparticle Physics); Mr RIEGER, Jens (Erlangen Centre for Astroparticle Physics); Ms SEIFERT, Maria (Friedrich-Alexander-University Erlangen-Nuremberg, ECAP - Novel Detectors/Medical Physics); Dr MICHEL, Thilo Michel (Erlangen Centre for Astroparticle Physics)

Presenter: Ms LUDWIG, Veronika (Erlangen Centre for Astroparticle Physics)

Session Classification: Lunch break & Poster session

Track Classification: Signal retrieval
