

# EWPAA 2019: European Workshop on Photocathodes for Particle Accelerator Applications

## Thursday, September 12, 2019

**Metallic Photocathodes: Operation and Demonstration - Hörsaal PSI Bildungszentrum: OSGA/EG06 (2:00 PM - 3:30 PM)**

time	[id] title	presenter
2:00 PM	[42] The characterization measurements of yttrium photocathode performed at the Cavity Test Facility at ELETTRA	JESSICA, Scifo
2:22 PM	[43] Superconducting lead layered photocathodes	NIETUBYC, Robert
2:45 PM	[44] Preparation and characteristics of copper cathode for VELA/CLARA facility	NOAKES, Tim
3:07 PM	[45] Robust Mg cathodes in SRF gun-II for high current operation	RONG, Xiang
