

10th Workshop on NEUtron WAVElength Dependent Imaging

Tuesday, May 28, 2019

Technology and Software - OSGA/EG06 (1:45 PM - 3:45 PM)

-Conveners: Anders Kaestner

time	[id] title	presenter
2:00 PM	[53] Preliminary: Technical aspects of the ESS test beam line	WORACEK, Robin
2:15 PM	[42] Time of flight neutron imaging using pulse shaping and Monte Carlo simulations	Dr KADLETZ, Peter
2:30 PM	[23] Development of neutron imaging detectors and analysis software environment at RADEN	Dr PARKER, Joseph
2:45 PM	[37] TOF neutron tomography of reference samples	CARMINATI, Chiara
3:00 PM	[14] Python Libraries for Neutron Resonance Imaging	BILHEUX, Hassina
