

Session Program

26-29 May 2019

10th Workshop on NEUtron WAVElength Dependent Imaging

TBD

Paul Scherrer Institut, OSGA/EG06
Laboratory for Neutronscattering and Imaging Forschungsstrasse 111 5232 Villigen PSI Switzerland

Tuesday 28 May

16:15

TBD

Session |

Location: Paul Scherrer Institut, OSGA/EG06, Laboratory for Neutronscattering and Imaging Forschungsstrasse 111
5232 Villigen PSI Switzerland |

Convener: Sven Vogel

16:15-16:25

How the NEUWAVE workshop series has pushed neutron imaging developments

Speaker

Eberhard Lehmann

16:25-16:40

What can we learn about textured samples using Neutron Diffraction Contrast Imaging?

Speaker

Robin Woracek

17:05
